Summary

Certified Full Stack Web Developer from Geekster with hands-on experience in building responsive and scalable web applications using the MERN stack. Proficient in React.js, Node.js, Express.js, and MongoDB. Demonstrates strong knowledge of both frontend and backend development with a focus on clean architecture, performance optimization, and user-centric design.

Education

Amity University Online   **Pursuing (Expected 2027)**
Master of Computer Applications   *Noida, Uttar Pradesh*
R.C Patel Institute of Management Research and Development   **2021 – 2023**
Bachelor of Business Administration   *Shirpur, Maharashtra*

Experience

I-Tech System   **Jan 2025 – May 2025 (5 Months)**
Frontend Developer and Mentor   *Nashik, Maharashtra*
- Worked as a Frontend Developer and Mentor, contributing to responsive website development while training students in HTML, CSS, and JavaScript.
- Developed responsive web projects using HTML, CSS, and JavaScript.
- Conducted live coding sessions and resolved real-time issues to strengthen students' practical skills.

Acma Grade | Internship   **13 Aug 2024 – 14 Sep 2024**
Frontend Developer   *Remote*
- Built interactive UI components and responsive landing pages using HTML, CSS, and JavaScript.
- Applied responsive design principles to ensure cross-device compatibility.

Certification

Geekster | Full Stack Web Development Bootcamp
Remote
- Participated in Geekathons and built innovative full-stack projects.
- Completed real-world projects including Amazon Clone and Gmail Clone.
- Tech Stack Covered: HTML, CSS, Tailwind CSS, JavaScript, React.js, Node.js, Express.js, MongoDB, Git, GitHub, Postman, VS Code, Netlify, Vercel.

Projects

Instagram Clone | *React.js, Tailwind CSS, Framer Motion, Axios, Node.js, Express.js, MongoDB, JWT, Cloudinary*
- Built a responsive Instagram-style social platform with post upload, like/unlike, and comment functionality.
- Implemented secure JWT-based authentication with session handling and protected routes.
- Enabled profile editing via modal with real-time sync to MongoDB.
- Developed prefix-based user search with recent history support.

Personal Portfolio | *React.js, Tailwind CSS, Framer Motion, MUI Icons*
- Developed a responsive personal portfolio to showcase projects, skills, and contact information.
- Enhanced UX with smooth transitions using Framer Motion.
- Used MUI Icons for a consistent and professional design.
- Implemented reusable React components with mobile-first design principles.

Amazon Clone | *React.js, Tailwind CSS, MUI Icons, Redux, Firebase Authentication*
- Created a fully responsive e-commerce platform with cart, product listing, and authentication.
- Used Redux for managing state across sessions, cart, and product data.
- Integrated Firebase Authentication for secure login and registration.
- Designed a clean UI using Tailwind CSS and MUI Icons.

Technologies

Languages: Java, HTML, CSS, JavaScript
Frameworks: React.js, Tailwind CSS, Node.js, Express.js
Libraries: Redux, Framer Motion, GSAP, MUI Icons
Databases: MongoDB, Firebase, Cloudinary
Tools: GitHub, VS Code, Postman, Thunder Client, Render, Railway, Vercel, Netlify
